CULTIVATING CONNECTIONS

CULTIVATING CONNECTIONS

Thrive

Thrive is a robust contact management system tailored for churches. It empowers pastors, elders, laypeople, and members to collectively manage their contacts and interactions, fostering a nurturing environment for discipleship.

[Sign Up](#)

thrive.adtech.org.au

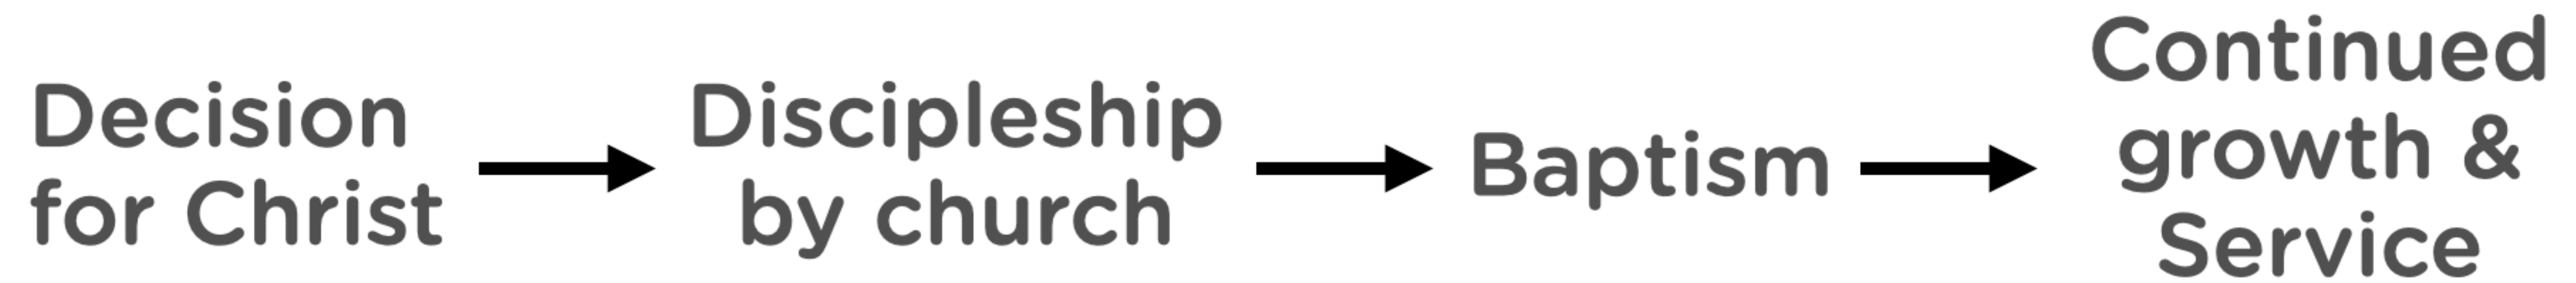

A Universal problem..

Every year, thousands of decisions are made requesting followup

Often there is little or no support or accountability to the followup process

As a result, many contacts are lost - we believe this is a problem that demands a solution..

Following up decisions

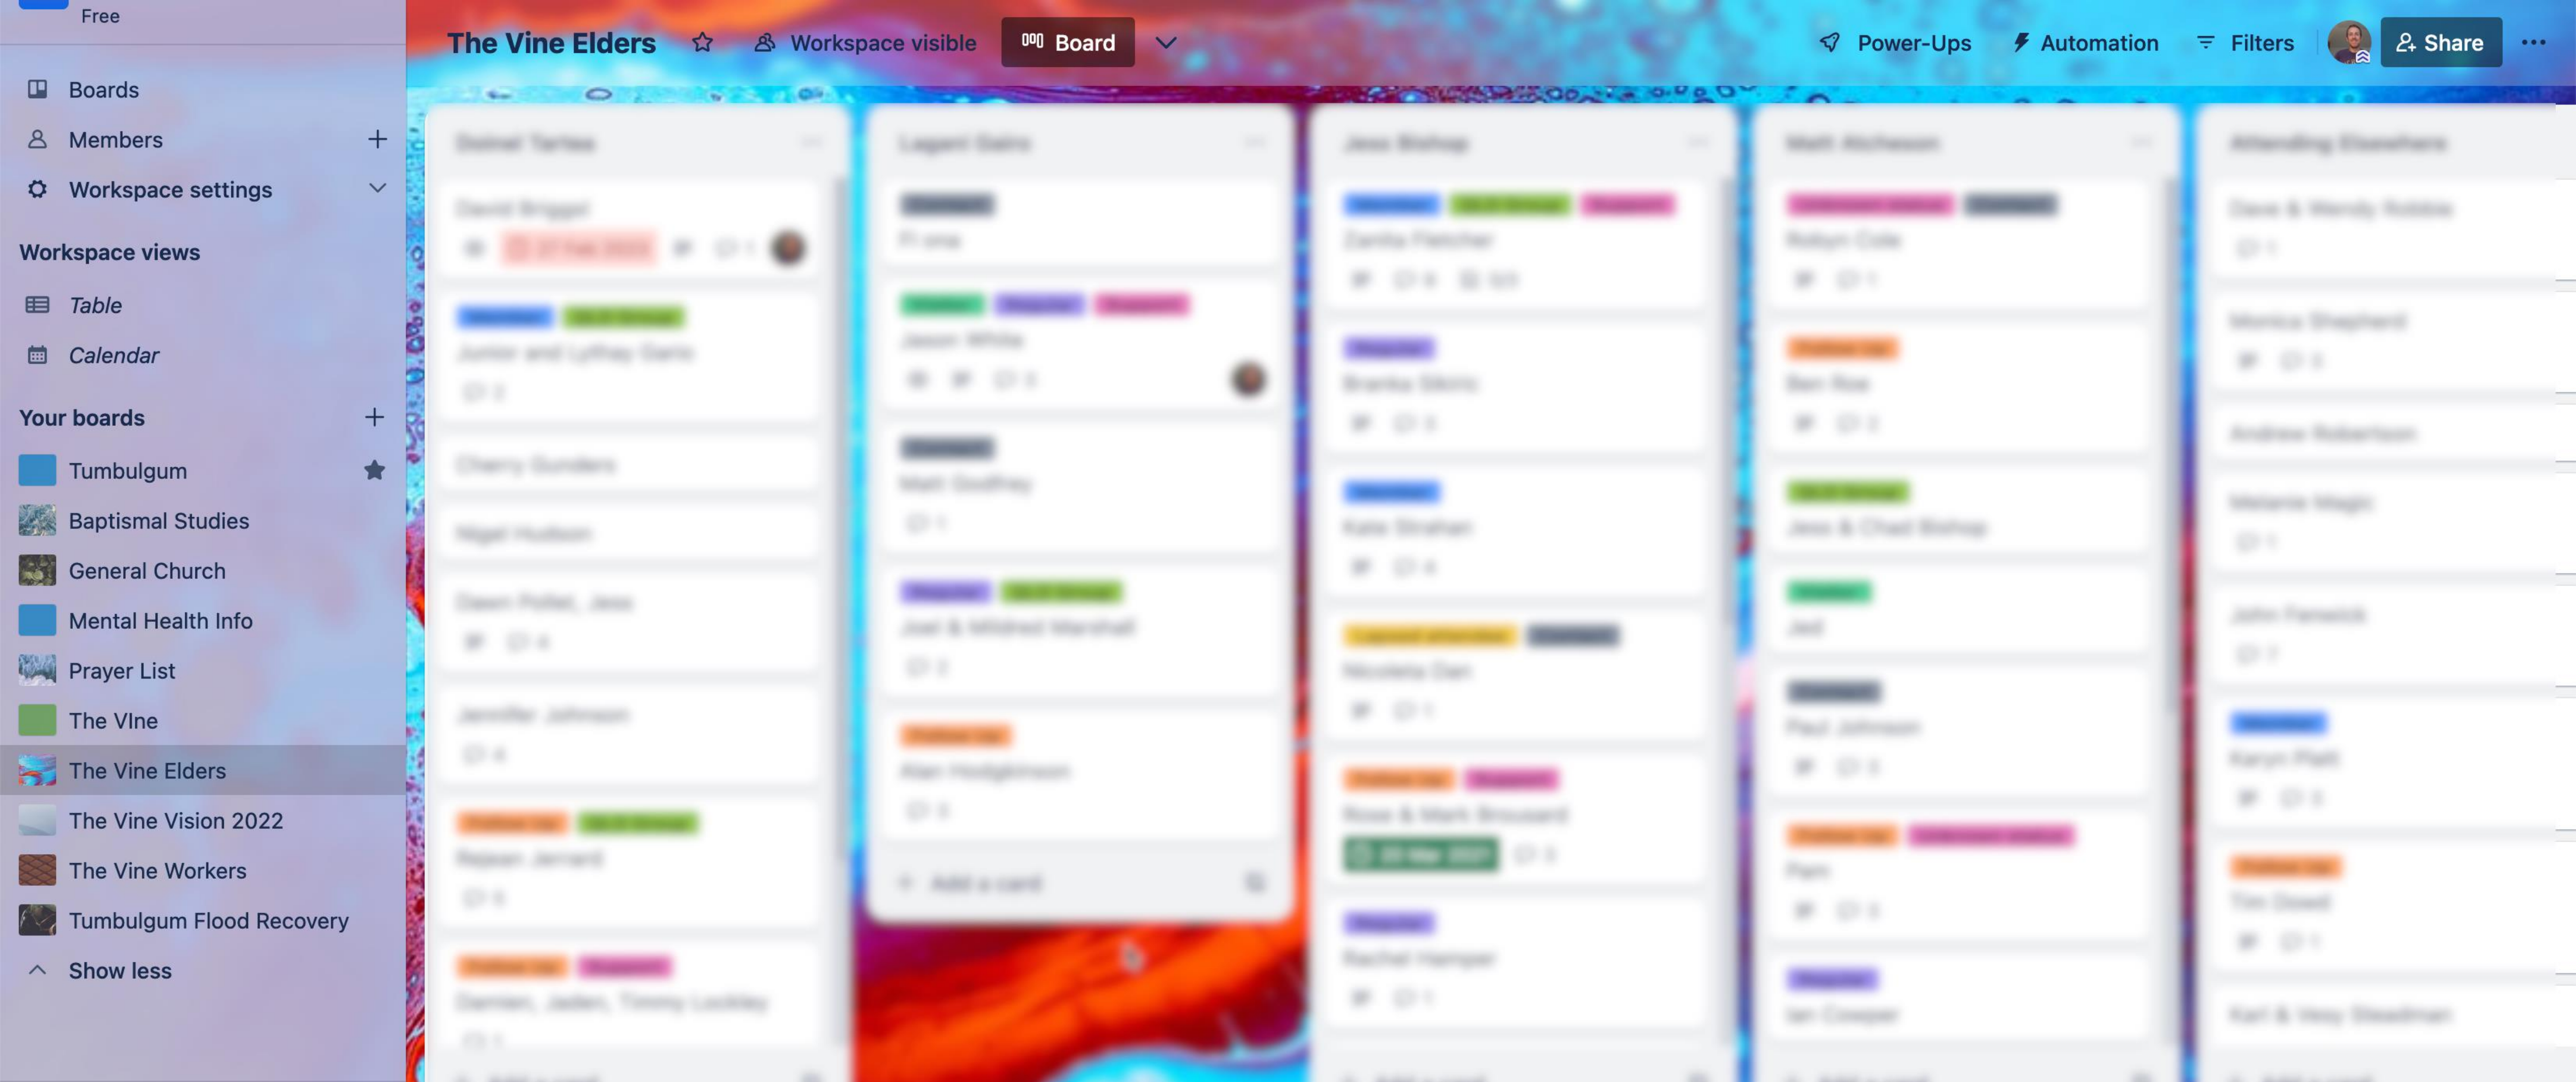

Memory
Paper
Diary
Phone
Emails
Spreadsheet
Other Applications..?

Thrive: Empowering Church Discipleship

Contact Management

Attendance

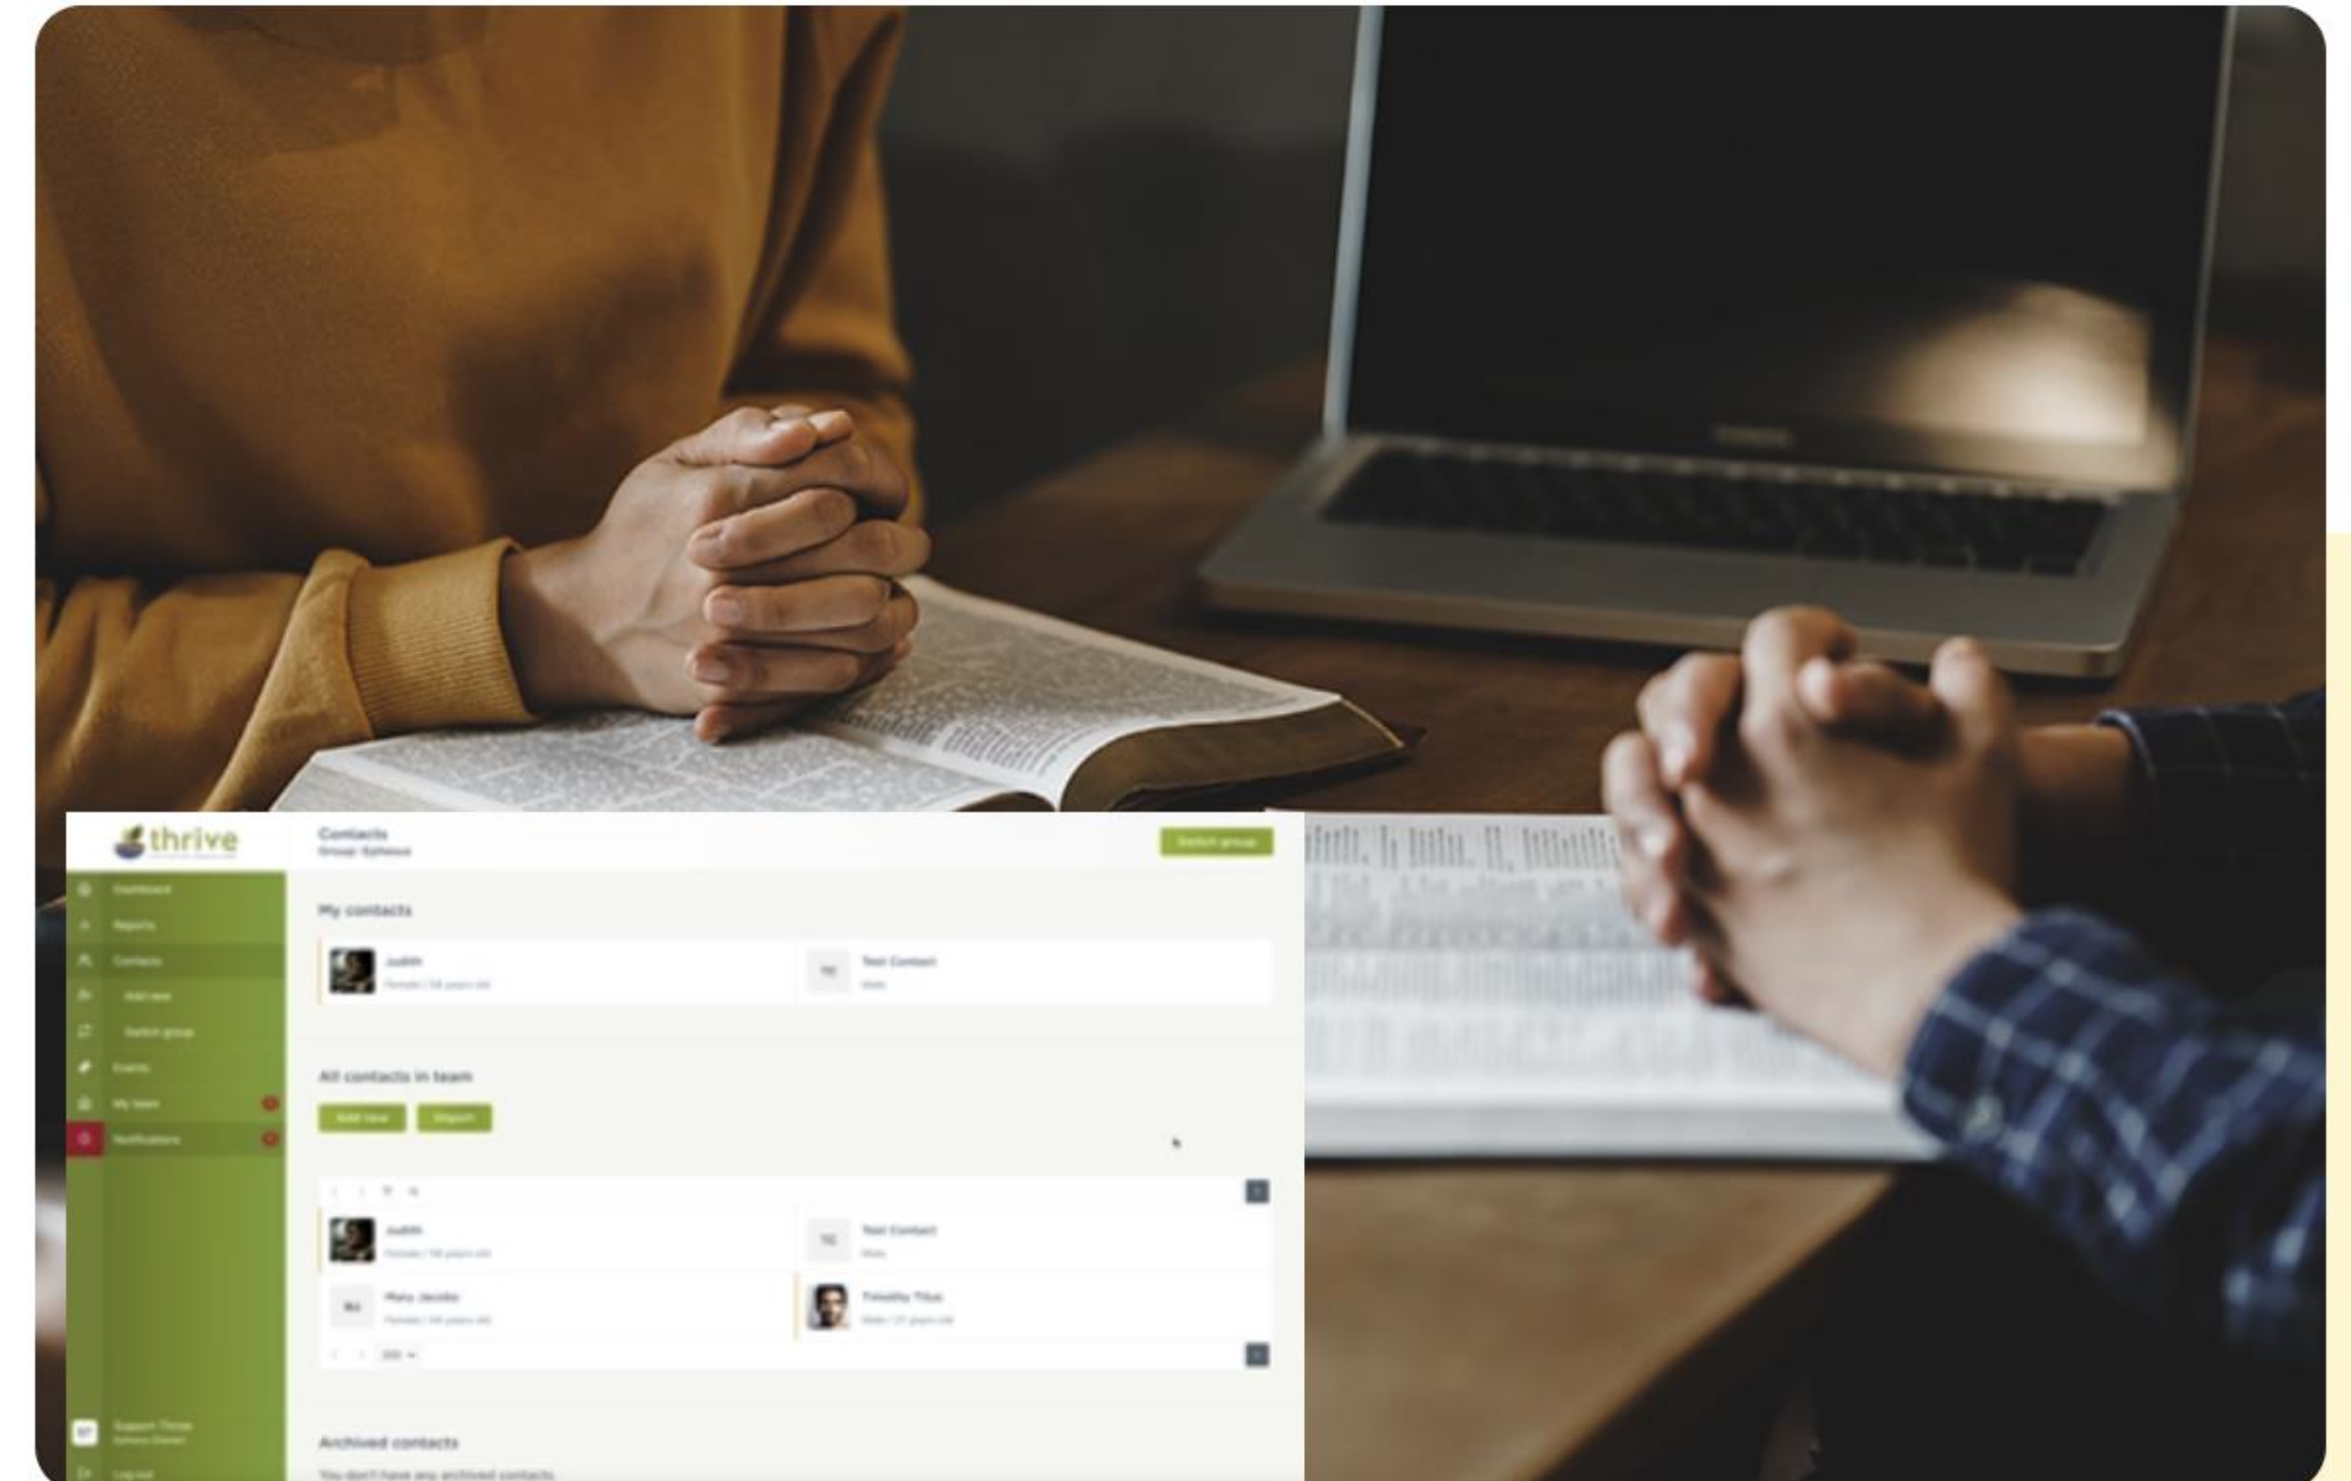

Follow-Up

Interactions

Empowering Leaders

Effortless Contact Management

Thrive offers an intuitive interface to manage all Church contacts in one place. Whether it's recording attendance at local Church events or recording participation in local events, Thrive ensures every interaction is logged accurately.

Designed for Every Step of Your Spiritual Journey

Thrive is the bridge connecting those making decisions for Christ with the local church members who will follow up and support them!

CARE

Nurture every step toward Christ from first contact to baptism and beyond. Thrive ensures that every interaction, from the initial contact to ongoing spiritual growth, is documented and supported.

ENGAGE

Scaffolded support for your team as they disciple others. Thrive provides structured support to help your team effectively engage and disciple church members and visitors.

SEE

See your discipleship tree/journey from start to finish. Visualize and track the entire discipleship journey, making it easier to understand and manage the progress of each individual.

1. Care for contacts

Pray for, support and Nurture

- every contact
- every decision

2. Support your disciple-makers

The tools your members and churches need to engage with seekers, new believers and growing disciples

3. Work together

Sharing between overlapping groups/ churches, with seamless pastoral transitions.

- Multiple groups
- Contact sharing
- Discipleship history

The screenshot displays the 'thrive' CRM interface. The top navigation bar includes 'thrive CULTIVATING CONNECTIONS' and 'View contact: Noah Arkman'. On the right, there are 'Edit' and 'Add new' buttons. The left sidebar contains a menu with 'Dashboard', 'Reports', 'Contacts', 'Add new', 'Switch group', 'Events', 'My team', and 'Notifications'. The main content area shows the contact profile for Noah Arkman, including a photo, name, age, member status, grow cycle, address, and source. A section below indicates the contact is shared between teams: Gethsemane and Gethsemane (Grow Group). At the bottom, there is a tabbed interface for 'Interactions', 'Decisions', 'Interests', 'Private notes', 'Delegate', 'Relationships', 'Groups', and 'Activity log'. Below the tabs are icons for 'Visitations', 'Bible Studies', 'Phone Calls', 'Literature', and 'Prayer Requests'. A user profile for Simon Peter Gethsemane (Owner) is visible in the bottom left corner.

Prepare

The discipleship journey begins by preparing the soil of the heart. Through acts of kindness and friendship, you'll build trust and show genuine care. As you come close to individuals with Christlike sympathy, your personal ministry, guided by the Holy Spirit, can soften even the stoniest hearts, allowing the gospel's profound truths to grow and flourish within them. "Jesus . . . went about doing good" Acts 10:38.

TESTIMONIAL

What Thrive users are saying!

"The Thrive app has been incredibly helpful. It gives me easy access to my contacts and their details all in one place. I can quickly reference past interactions, maintain accurate records for accountability, and use the splash map to efficiently plan visits. It's especially useful for managing multiple churches. All I can say is Praise God for Thrive it is an answer to my prayer to become more efficient in ministry!"

Brad Moodie

Senior Pastor in SNSW Conference

What's Coming Soon

Native Phone Application - For even simpler usability and convenience.

Bible Study Resources - A range of Bible studies will be made available within the app, enabling members and contacts to access their choice of study in digital format, right from the app.

Smart Notifications - Thrive will be able to utilise your current location to alert you to overdue appointments and many other intuitive features to help you in ministry.

THRIVE | Admin

Thrive Multilingual & Contextualisation

0

The purpose is to enable Thrive to be used in various languages. Also to provide contextualisation across the same language enabling variations of terminology. Please leave a note indicating your preferred language.

Contacts

Opportunities

0

Create a list of contacts who need to be accepted before they join the local church or school. Opportunities may be timed, in that if they are not accepted by a certain time they are withdrawn. Also they may be offered to multiple teams and only accepted by the first team to accept the offer.

Contact Consent

 0

Consent is an important and often overlooked part of how we store and manage sensitive information. Giving the power back to the contact themselves, in how their information will be used is desirable. Making this easy to update in a safe and secure way is key.

Child Consent

 0

Making sure that parents and carers know who and how someone is following up with their child's spiritual interests is important.

Contacts

Import from ACMS

 0

Give the ability for Church clerks to import data from ACMS.

Contact change Report

 0

Show a report of all contacts that have recently updated their contact details. So Clerks can see.

Permission to update Contact info

 0

Enable Clerks to send invites to update contact information through Consentia. They can see all contact details, and make edits, but can't see the other information such as timeline of interactions etc.

Events

QR Code reader

 0

Have the ability for a phone to become a QR reader for marking attendance at events.

QR Code generator

 0

Have the ability for Thrive to auto-generateunique QR codes for an upcoming event.

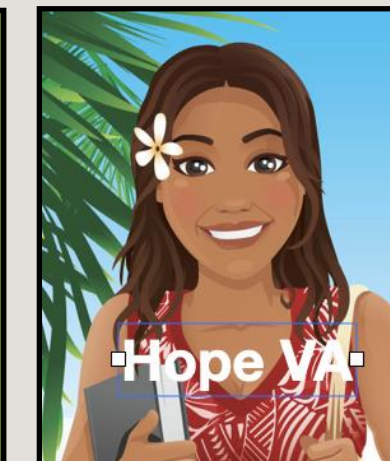

Thrive Glossary

Thrive User	A verified individual, a Seventh-day Adventist Member, who plays various roles and carries different responsibilities within Thrive.
Thrive Contact	A person about whom Thrive Users maintain information. These contacts are often Church Members or Students, but primarily include non-Adventist individuals whom Users are supporting and guiding on their faith journey.
Thrive Team	A group of Contacts & Users, typically forming a Church or School. Teams represent the primary organizational unit within Thrive.
Thrive Group	A subdivision within a Team, such as a Church or School. While there's only one Team per Church or School, each Team can have multiple Groups. Examples include Grow Groups, Youth Groups, or Sports Groups.
Thrive Events	Scheduled activities and gatherings. Events can be set as public (accessible to the Team) or private. They are used for recording attendance and integrating with your calendar.
Interactions	Logged activities with each Thrive Contact, including Visits, Bible Studies, Phone Calls, Emails, Literature distribution, Prayer requests and responses, and other custom interactions.
Key Decisions	Milestones and significant choices made by Contacts on their spiritual journey, recorded to track their progress.
Interests	Topics or subjects that Contacts are interested in exploring, particularly in study or discussion settings.
Private Notes	Secure, end-to-end encrypted notes, visible only to the author, ensuring privacy and confidentiality.
Assigning Contacts	Functionality to assign/delegate Contacts to specific Users for focused care and nurturing.
Family Relationships	Feature to map and display familial connections between Contacts.
Reports	Insights and analytics providing oversight of Contacts, including follow-up statistics, response times for new connections, and overall team engagement.
Notifications	Timely alerts and reminders to facilitate accountability and support for ongoing interactions and responsibilities.
